LESS THAN 60,000 SHARES CHANGED HANDS YESTERDAY.

Bransactions at New York Smaller than Ever Before-Sugar Lower at the Close-Local Markets.

At New York, yesterday, money on call was easy at 1 per cent., the last loan being

made at 1, closing at 1 per cent. Prime mercantile paper, 2% @41/2 per cent. Sterling exchange steady, with actual business in bankers' bills at \$4.881/4 for demand and at \$4.87% for sixty days; posted rates, \$4.88@4.891/2; commercial bills, \$4.86. Silver certificates, 64@65c. Bar silver closed

at 621/2c per ounce; at London, 283/4d. Speculation reached the acme of stagmancy on the New York Stock Exchange yesterday, the aggregate of the transactions being less than 60,000 shares, a point lower, perhaps, than has ever before been touched on a full day's business. The fluctuations, too, were in keeping with the smallness of the trading, and the changes on the day were confined to the smaller fractions, except in the cases of a few of the inactive stocks. But there was a tone of firmness to the market which was remarkable, in view of the strike situation, which, as yet, shows no sign of improvement. There seems to be, however, no desire on the part of holders of shares of railways affected by the strike to sacrifice them, and, under the circumstances, it is remarkable with what firmness the grangers and trunk lines are held. Wall street appears to look upon the defeat of the strikers as a certainty, by reason of the lack of justice of their cause. The London market reflected the confidence of foreign holders in the stability of values, and there was good buying in this market of St. Paul, Atchison, Louisville & Nashville and Union Pacific, and moderate purchases were made of some other of the arbitrage specialties. The vote in the Senate by which the sugar schedule went through did not improve the price of sugar stock permanently, although the shares opened % higher. A large selling movement was inaugurated in the early dealings, based on the adoption of the amendment putting the schedule in effect on the pas-sage of the tariff bill, which is looked upon as unfavorable to the American Sugar Refining Company. A decline of 114 per cent. was recorded in the morning, with a rally during the afternoon of 11/8, and a final reaction of 1/2, making a loss on the day of 4 per cent. Chicago Gas, after an opening decline of %, rose sharply on buying for an inside clique, making a gain of 15 of which is was lost at the close, leaving an advance of % per cent. on Monday's closing prices. The grangers fluctuated within limits of 1465, and closed at an improvement of 1861/2, the latter St. Paul, which led the group in the trading. Erie rose 14, appearing in the transactions for the first time in some days, reacting 1/4; Erie preferred advanced 14 on the purchase of a hundred-share lot. Wheeling & Lake Erie recorded an advance of 114 per cent. Minneapolis & St. Louis preferred broke 5 per cent., to 25, rallying to 2512, with sales of only 200 shares in all. Long Island Traction sold down 2 per cent., to 1214, recovering to 1314. Norfolk & Western declined 1 per cent. The other changes were very slight. Although intensely dull, the market was firm on late dealings and closed in fairly good tone.

The railway and miscellaneous bond market was generally firm all day, the changes, as a rule, being slight. The following table, prepared by James E. Berry, Room 16, Board of Trade, shows the range of quotations: Open- High- Low- Clos-

Trade on Commission Row Active-Prices Firm in Most Lines.

Not in many months has there been as busy day on Commission row as was yesterday. Prices which advanced on Monday were fully held; consequently, the revenue from sales was very satisfactory. On the wholesale streets it was very quiet. The grocers were doing a little more than on Monday. Poultry is weaker; eggs dull at quotations. Lower prices on fruits and vegetables are looked for Thursday, as usual after a holiday. Receipts of potatoes, cabbage, onions and small fruits are large, and the range of Tuesday will hardly be maintained. Potatoes and cabbage were lower yesterday afternoon. Other markets were quiet with unchanged prices. There was no session of the Board of Trade; consequently the quotations given are those of Monday.

BOSTON, July 3.-The American Wool and Cotton Reporter of to-morrow will say of the wool market: There is more wool selling. Several mills have purchased freely of X and above Territory wools on a basis of 30 to 32c scoured. A large sale of scoured California and Oregon in original packages has also been made and considerable unmerchantable and XX Ohio has been picked up. The principal sale, however, has been of about 1,000 pounds of eight-months Texas. New wools are plentiful, but the railroad strike in the West has shut off further receipts. For the six months ending this week there has been sold in Boston 62,-907,300 pounds of wool, as against 68,622,850 for the same period in 1893. There is a decrease of 5.715,550 pounds. The sales of the week have increased from 1,615,000 last week to 4,371,000 for the week under review. NEW YORK, July 3 .- Wool dull; domestic fleece, 19@25c; pulled, 20@25c.

ling, Etna Green Kosciusko county.

The preservation of organized society depends upon something more than the power of might. Every individual citizen is endowed with a duty to society which is more binding than his personal whims and desires. He may do whatever he will so long as he does not encroach on the rights of others. When these things are forgotten there is danger ahead for the very Nation itself.

# JULY FOURTH EVENTS BUSINESS DIRECTORY

RACES, BASEBALL, PICNICS AND EN-TERTAINMENTS GALORE.

Public Institutions Will Give Their Inmates an Extra Treat on Account of the Holiday.

"This is the day we celebrate," and while the present strike, which has crippled traffic on nearly all the railroads, may materially interfere with the usual excursions and visits back and forth among relatives. there will be no end of ways for those seeking diversion and amusement in the city to find it. The small boy, with his usual impatience, has been celebrating for several days past, and ever and anon during the time since Sunday there have been occasional embryo celebrations in the residence portions of the city. It began in earnest at midnight last night with the usual racket. Nearly every person who was up at that hour contrived in some way

revolvers, cannon crackers, etc. During the day there will be a number of picnics at the various groves and parks near the city. The Mutual League, the old soldiers' organization, will picnic at Armstrong Park all day. They have prepared a programme which contains nearly every sort of outdoor amusement and will go to the park with their families and spend the day under the trees. Governor Matthews and Mayor Denny are on the programme. The Irish-Americans will go to Hammond's grove, near the fair grounds. They have also prepared a programme of amusements for the visitors at the grounds during the day. There will be boating on the creek for those was desire it, and a number of

or other to make some sort of a noise. On

the down-town streets there was firing of

games and sports of a varied sort. The College-avenue Limited Gun Club has arranged for a shoot on the banks of Fall creek between College and Central avenues. The crack shots of this city are not very numerous, but there are a number of gentlemen who handle a gun with adeptness and are fairly good shots. There are also some that may rightly be classed among the crack shots, and some good sport is promised by the club at its shoot to-day.

The races will undoubtedly be the largest attraction of the day, and it is expected that eight or ten thousand people will witness them. The starters are such as to warrant the presumption that there will be some hard-fought contests upon the track, and unless the day is marred by a rain this morning the track will be in excellent condition for the horses to show their metal.

There will be two games of ball at the park between the home club and the Minneapolis team, which are expected to attract a large crowd to the ball park. The "Last Days of Pompeii" will be given for the first time this afternoon at the grounds near the fair grounds. The production will be repeated at night. At the City Hospital the Flower Mission

will distribute flowers in the morning, and in the afternoon several Catholic societies will visit the institution and provide entertainment for the patients. At the Female Reformatory there will be games and an impromptu entertainment given for the benefit and by the inmates. The celebra-tion at the county asylum will be had to-night. There will be a lawn social given, at which there will be a plentiful supply of lemonade and eatables, with cigars. There will also be some fireworks at the asylum. The management of the Central Hospital for the Insane has arranged a pleasant time for the patients to-day. This morning there will be a baseball game between the Hospital and Mount Jackson nines. Beginning at 1:45 o'clock this afternoon there will be a programme furnished at the pavilion. John Smith will speak on "The Declaration of Independence." Panden Brothers' orchestra will furnish national airs, after which there will be dancing and singing specialties by the Donahue Brothers. William Elliott will give an exhibition gun drill. The rest of the afternoon will be spent by the patients in dancing. Superintendent Edenharter will give a ball at the pavilion to-night, beginning at 8:15

o'clock. Dimensions of the Flag.

To the Editor of the Indianapolis Journal: In your issue of Sunday, July 1, you comment on a statement made by an exchange that the law does not prescribe any dimensions for our American or national flag. I beg leave to call attention to paragraph 1845, page 210, United States Army Regulations, for the law specifying the dimensions of the American or na-

tional flag, which are as follows: "The garrison flag is the national flag. and is made from American manufactured all-wool bunting, 36 feet fly and 20 feet hoist, with 13 horizontal stripes of equal breadth, alternate red and white, beginning with the red. In the upper quarter, next to the staff, is the Union, composed of a number of white stars equal to the number of States, on a blue field, onethird the length of the flag, and extending to the lower edge of the fourth red stripe from the top.'

This flag is used on holidays and great occasions. The post flag is of the same material and design as the national flag, and is 20 feet fly and 10 feet hoist; used in pleasant weather. The storm flag is 8 feet fly and 4 feet 2 inches hoist, of the same material and design of the national flag. This flag is used generally in stormy and windy weather; it is also used as a recruiting flag. The post and storm flags are the sizes used on the public and private school buildings, and are the most desirable for general use. All other sizes kept by dealers are called trade sizes. At the commencement of the war of the rebellion there was not a thread of American bunting manufactured in the United States. All flags were made from English bunting, and not until Gen. Benjamin F. Butler took up the cause of patriotism did we have an American flag in spirit and patriotism. Since the establishment of the United States Bunting Company at Lowell, Mass., our government has used nothing but the genuine American manufactured bunting, made into flags by the American Flag Manufacturing Company, of Easton, Pa. The raw material of American bunting is clipped from American sheep, protected by American tariff, washed in the sparkling waters of a free land of liberty, cleansed and purified by American protected labor, dyed in the wool with American colors warranted not to run, finished and manufactured into flags by our intelligent, patriotic American men and women, protected by patriotic citizens who are loyal to home industries and products and the flag that protects American interests from cheap foreign importations. The stars and stripes is the only flag in this country worth thinking about and good enough to float on the free winds of America. Other flags representing' another country displayed along side of Old Glory means a half and half American citizen who wants to straddle the fence of nationalism. There must be no neutrals in this country; we must give our allegience to one flag, and that flag represents America with a big A. WALLACE FOSTER. Indianapolis, July 3.
